3501 MILITARY CIRCLE AT ( 36TH & GRAND )  
MEETING TIME: 6:15 TO 9:00 PM  
MEETING DATE: NOVEMBER 10TH, 1987

## PRESIDENTIAL NOTES

By Bob Bewley

WHAT A MEETING!!! I'm referring to last month's meeting. I hope that everyone liked our new monitor. If not....TOO BAD!! You're stuck with it. But seriously, I think it's a very good monitor and I think it will serve our purpose for many years to come. By the way, I forgot to tell you the WHOLE story about that monitor. Maybe I'll get to tell you at the next meeting. As for our flaky disk drive... I have some good news, Fred was able to fix it for a VERY reasonable price (next to nothing) and it finally works correctly. I'd like to give Fred Jones a hardy pat-on-the-back for repairing our disk drive. As for our computer... it's still computing!!! (everyone keep your fingers crossed that it stays that way). Well, enough about our equipment. It's time to talk about YOU. In the center of this newsletter you will find TWO questionnaires. The Member Information form will be used for internal use only and will be sorted and printed and then passed out at the next meeting for YOUR information. On the back you will find a questionnaire concerning our proposed Beginner's Disks. Please fill out these questionnaires BEFORE you come to the meeting and give them to me during the meeting sometime.

This month we have some demo's lined up that I think most of you will enjoy. We will be showing all sorts of PRINTER Demonstrations. Fred will be bringing his Panasonic Dot Matrix printer and I will have a Smith-Corona Typewriter/Printer and the Atari 1020 Plotter. So if you've ever wanted to see how to connect a typewriter to your Atari, you won't want to miss the next meeting. We will also show you how to print out those GREAT Microillustrator pictures you've been making. We will also be prepared to demo Print Shop in case anyone is interested in seeing how it works. I will demo some simple designs on the 1020 plotter and I will bring some Microillustrator pictures printed with this great little plotter.

At the last meeting we talked about a lot of things and actually came up with few solutions. I'd like to ask you to think about a couple of things before the next meeting and we'll try to come up with a solution AT the meeting. First,

the situation with the Disk Library at INFO 1. Should we pull it out of the store and let George check out the disks to members on a weekly or monthly basis? Second, the suggestion was made to buy repair manuals for use by the club members. The officers discussed this at the officers meeting and we decided that BEFORE we buy manuals we should find out if any club members already have the repair manuals and would be willing to let a fellow club member borrow them. So.....If you own any repair manuals or schematics, would you PLEASE indicate this on your questionnaire (at the bottom) and indicate if you would be willing to loan them out. THANK YOU.

As always, if we have any spare time feel free to speak up and ask questions, show off some hardware/software or simply tell us how you like (or dislike) the meeting.

One FINAL note: I STILL HAVE SOME HARDWARE FOR SALE!!!  
(see information below)

FOR SALE: I have two pieces of hardware for sale:

ATARI 130 XE in original box with manuals.... \$125.00  
ATARI 810 Disk Drive in original box..... \$110.00  
(with power pack and I/O cable)

I will bring these items to the meeting for your inspection. If you are interested in buying one or both of them, BRING MONEY!!!

See you at the meeting

TREASURER'S REPORT  
OCTOBER 1987  
By Richard Rhea

BEGINNING BALANCE\*\*\*\*\*>>> \$604.24

DEBITS \$310.21

Printing \$ 30.21  
TV/Monitor \$280.00

CREDITS \$ 56.00

DOM \$ 56.00

ENDING BALANCE\*\*\*\*\*>>> \$350.03

## BONDS, BILLS, AND NOTES FROM THE TREASURY

By Richard C. Rhea

It is hard to believe that November is already here! The fall foliage is turning beautiful colors and there is beginning to be a coldness in the morning air. It is my favorite time of the year! Thanksgiving and Christmas are just around the corner. My kids are gearing up already for Santa Claus and I am sure yours are too!!

As the weather becomes so variable this time of year, I usually develop some sort of cold or flu and this fall is no exception! There seems to be a stomach virus going around, and this past week, every member of this family was affected. It has really been a rough time as we all have been quite sick, but we are all healthier now and on the road to recovery! It kept me in bed just when I usually get my articles for the newsletter ready and I almost didn't get these out to George Morse for publication. I hope I don't have a relapse, and I hope your family is staying healthy!!

I have had so much fun these past several months being your treasurer. It is great to see the Club doing well and growing each month. I was equally proud of the new TV/monitor purchased by the Club last month. It really looked great and It is a great asset for the Club!!

Be that as it may, the treasury balance still looks pretty good after the debit for the TV/monitor and newsletter printing. There were credits associated with DOM sales and there were no new memberships or renewals this past month. We will be having to pay for our box rental and semi-annual ANALOG Magazine disk subscription next month.

Remember, as discussed last month, each Club member who signs up a new member will receive a credit of \$5.00 (maximum \$15.00), for each new member signed, towards next years annual dues.

I'm looking forward to another great meeting and hope to see you there!

## BARGAINS OF THE MONTH!!!

By George Morse

SAM'S WHOLESALE CLUB: Has the following items at everyday low prices. The only catch is, you must be a member to in order to take advantage of these deals. Unless you know someone that can shop for you. Oh well, some of you may be able to take advantage of these prices, so here they are.

Address labels (box of 5000).....	\$10.86
Standard Staples (5 boxes).....	\$ 3.17
Disk Carrying Case (hold 50 disk).....	\$ 5.99
Disk Carrying Case (hold 100 disk).....	\$10.99
Maxell 5.25" Disk (box of 10).....	\$ 8.56
Maxell 3.5" Disk (box of 10).....	\$16.00
1" 2-Ring Binders (2 for).....	\$ 2.29
3" 3-Ring Binders.....	\$ 3.39
Tractor Feed Paper (box of 1000 sheets).....	\$ 7.84
Tractor Feed Paper (box of 2900 sheets).....	\$17.99

Hope some of you can take advantage of some of these deals. Remember if you spot a good deal that you think our membership would be interested in, please report it to one of the officers. This way we can let all of our members know about it.

## LIBRARIAN'S CORNER

By Fred Jones

Well, what a fine meeting we had in October!! I was really impressed with the turn out and the number of D.O.M's sold to swell our club treasury. I hope no body was disappointed by the mailing list program that wouldn't load. When I got home I looked at the master copy with the DiskMend program and low and behold the mailing list program had been over written by another program. My apologies for any inconvenience. If any one wants a copy of the Mailing List program, call me at home and I'll either get a copy to you on disk or we can download a copy over the modem.

I will try to get the club disk drive fixed and working properly again. If I can't fix it, I'll find someone who can. Until then I'll use my own Indus drive and make sure that all copies of the D.O.M. will work as advertised. I fixed it already 10/20/87.

I sure did miss getting a column into the Club Bulletin last month. It won't happen again.

I called B & C COMPUTER in California October 15 and ordered some CX85 Keypads for Dave and Gerald. They are STI \$7.95 plus shipping, \$5 Minimum shipping. I have also received the new DAK catalog. The Smart Duck Modem is now \$119 plus \$6 shipping. INFO1 is selling the ATARI SX 212 1200 baud 100% Hayes compatible modem for \$99 and State and city tax.

I am writing this column well in advance of the Officers meeting so I don't know what will be on the D.O.M. for November. I signed up for GENie data service, and maybe I can download some G.S.T.K. (good stuff to know) from them this month. \$5.00 per hour is a lot less than Compuserve for 1200 baud.

I think the idea of setting up a starters disk pack is great. It sure would have helped me out, way back when. Let's decide what is to be in it and I'll do my best to make it what the club wants.

When I took over the job of Librarian from Tom Holden, I

figured it would be a snap to do and not take a lot of time each month. Ha, ha. It does take a lot of time to do, but I really enjoy trying to make it work. Bear with me and I will be almost as good as Tom some day.

I haven't yet started receiving my ANTIC subscription but I'll give them a call to see what is holding up delivery.

If ANYBODY has any ideas of what they want to see on D.O.M. be sure to let me know and I'll do my best to get it for you. (short of stealing protected programs).

Today is the day (saturday) I finish this up and get it ready for the bulletin. I have changed the HELP.DOC file on this months D-O-M. Now you will have the option of Viewing the INFO file on the screen or dumping directly to a printer. I will bring an example to the meeting.

The disk of the month is all ready to go and here are just a few of the programs that are on it.

1. Troll War from ANALOG
2. NFL Prognosticator from ANALOG
3. Marbles from COMPUTE
4. Solitaire from COMPUTE
5. Label Maker from ANALOG
6. Story Book in G from ANALOG

Those are a few of the goodies this month. Hope I have wet your appetite for attending the meeting and obtaining a D-O-M.

BY THE WAY... I am STILL selling the D-O-M 6 disk cards for \$20. It's like buying 5 and getting one FREE. The best bargain around, PLUS you just have to bring the card and not have to worry about getting change etc.

THINK ABOUT IT!

THATS ALL FFFOLKES.

Fred Jones ACCOKC LIBRARIAN
